Words from President Vernis

Another Antique Show. What an opportunity we have with the show to make dollars to help our mission, bringing an awareness of brain related disorders to light. We hear some people attending say " they come because they want our wonderful pies", " we came to find a missing piece to our set of antique glassware", or "we come to see friends haven't seen since last show" . Whatever the reason , we do appreciate the business!

After each show, we look back at where we can improve, change, and relish in what a success it was. I know each of our Pilots are extremely tired when show is over. I do appreciate each of you on your efforts to make it a success. Thanks.

During our March meeting, we will be discussing what it will take to send to District and PI conventions. Please be thinking about whether you are planning to go to the conventions.

I do hope you are recovered well from the show. See you March 12.

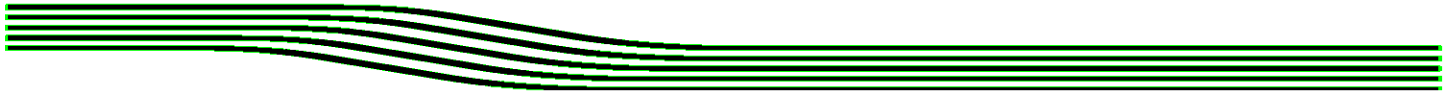

In Pilot Friendship, Vernis

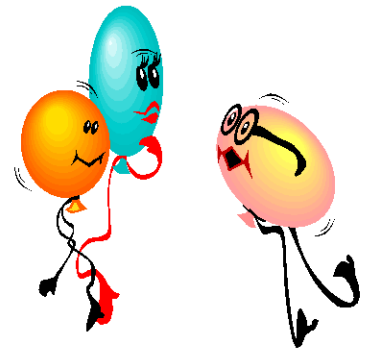

2018 Resource Fair for Seniors @ Rock Chalk Park ---March13, 2018

Cheryl Messerschmidt need volunteers to work at our table, since she is totally in charge of Event again this year. Please let her know if you can help .. She need for to be there by 8:15 am.
